Dear Business Owner(s):

My name is Jean Hooper. (Yes, Hooper really is my last name ☺). I am a physical activity instructor and owner of *Hoop'n with Hooper*, a fitness program that teaches kids and adults how to get fit and be active with easy to learn dance routines using a toy hoop. I am writing to invite your business to donate a monetary contribution so that I can continue to teach kids about the importance of health, nutrition, and exercise. With the obesity epidemic affecting about 33% of our children, it is especially important for us to teach them from an early age how to live a healthy lifestyle. You may contribute to a school of your choice. (Please see attached list and choose as many schools as you would like to support.)

Over the past three years I have successfully taught 200,000 students ages K-12 the importance of physical activity and healthy eating choices through my Fitness Made Fun program. I use a revolutionary water weighted Wave Hoop that was specially designed with water inside to allow those who could never hoop before the opportunity to achieve success in this exercise program. The hoops themselves have "Eat plenty of fruits & veggies!" printed on them to encourage kids to have fun while exercising and to make healthy food choices.

While my unique program was very successful, the government is no longer funding the program. I am now trying to raise money for the schools in your area of **LAUSD District One**, so they can continue to teach their students about health, nutrition, and exercise. As a result of today's tough economic conditions, it is difficult for all of these schools to meet those needs without help from people like you. Most of these children come from low-income households and it is my goal to reach as many of the inner-city schools in your area as possible. Together with your help and my program, we can provide affordable equipment (i.e. the Wave Hoop) as well as my Fitness made fun "Hoop with Me" Programs.

Please know that all contributions you make will positively impact all the students at the **District One Van Nuys/Panorama City area schools of your choice**. You can take pride in knowing that you are helping hundreds of thousands of children. I will follow up with you within the next two weeks to discuss your possible donation. Thank you for your thoughtful consideration of this request.

Warmest regards,

Jean Hooper
